Sounds familiar and I might have some notes re: this call.

Hi,

I'm back. In the interest of keeping the trains moving, if someone could remind me about the nature of the issue Jeff discussed, I may be able to scribble something up for Jeff to ponder (and JB to review). I only recently figured out what day of the week it was again, so please excuse my work-related need to reboot from cache memory.

Jayne: Before your next check in, I wanted to provide you with a status update. I have not completed the draft memorializing my earlier advice. I will do so (and coordinate that draft with Stephen and Jennifer), but at this point, I am on travel for several weeks and it must wait until my return. I apologize for the delay and thank everyone for their patience. I will have access to e-mail while I am on travel and will monitor it regularly, so you can send any comments or concerns to me and I will address them the best I am able.

Until we speak,
Jeff

Jayne: Thank you for your note and for checking in on this. I have been distracted with the onset of some litigation here (unrelated to the non-point program). I certainly intend to memorialize the oral advice I gave on the June 17 call into a short memorandum. I have not done so, and I likely will not be done by tomorrow's call. Of course, I will coordinate the memorandum once it is prepared with Jennifer and Stephen. Thank you again for checking in and for your patience.

Best,

Jeff

Hi Jeff,

The OR CZARA call will be held tomorrow and I wondered if you have anything to report on the legal side—specifically language to address the issues discussed during the June 10 & 17th calls.

Cheers,

Hi Jeff,

The OR CZARA call starts in 30 minutes and I wondered if you have anything to report on the legal side—specifically language to address the issues discussed during the June 10 & 17th calls.

Cheers,

Jayne
